How To Hide Things In Public Places By Dennis Fiery

Did you ever want to hide something from prying eyes, yet were afraid to do so in your home? Now you can secrete your valuables away from home, by following Dennis Fiery's eye-opening instructions. The world around us is filled with cubbyholes and niches that can be safely employed....and this book identifies them. Illustrated with numerous photographs, and including an index of hiding places, appendices of Simplex lock combinations and appropriate vendors, and a bibliography, this is the most comprehensive and informative book ever written about public hiding spots. Eliminate the risks involved with hiding your possessions at home by utilizing the techniques described in this book.

Editorial Review

From [Booklist](#)

Fiery counsels the seriously stealthy in detail. He gives lots of attention to selecting hiding places and gaining access to a site when access is not readily available. He expounds at length on hiding things in public restrooms and explores such arcana as access to soap and other dispensers, along the way confirming attentive modern readers' hunch that there is now--more's the stashing pity--a dearth of toilet tanks in public facilities. Some of Fiery's strategies are more novel than others. His discussion of Simplex lock combinations, for instance, though perhaps not groundbreaking, is certainly intriguing, but hiding things under snow piles is old hat to anyone who has ever been a beer-swilling northern teen with empties to ditch. A useful book for those who need it, especially with the appended index of hiding places and list of Simplex lock combinations. *Mike Tribby*

Users Review

From reader reviews:

John Tovar:

What do you with regards to book? It is not important to you? Or just adding material when you really need something to explain what your own problem? How about your free time?
