### Shadow Puppets (The Shadow Saga Book 3) By Orson Scott Card

Bestselling author Orson Scott Card brings to life a new chapter in the saga of Ender's Earth and The Shadow Series.

Earth and its society have been changed irrevocably in the aftermath of Ender Wiggin's victory over the Formics. The unity forced upon the warring nations by an alien enemy has shattered. Nations are rising again, seeking territory and influence, and most of all, seeking to control the skills and loyalty of the children from the Battle School.

But one person has a better idea. Peter Wiggin, Ender's older, more ruthless, brother, sees that any hope for the future of Earth lies in restoring a sense of unity and purpose. And he has an irresistible call on the loyalty of Earth's young warriors. With Bean at his side, the two will reshape our future.

*Shadow Puppets* is the continuing story of Bean and Petra, and the rest of Ender's Dragon Army, as they take their places in the new government of Earth.

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

## Editorial Review

Amazon.com Review

*A Reading Guide for Ender's Game.*

### THE ENDER UNIVERSE

**Ender's Series:** Ender Wiggin: The finest general the world could hope to find or breed.

The following Ender's Series titles are listed in order: Ender's Game, Ender In Exile, Speaker for the Dead, Xenocide, Children of the Mind.

**Ender's Shadow Series:** Parallel storylines to *Ender's Game* from Bean: Ender's right hand, his strategist, and his friend.

The following Ender's Shadow Series titles are listed in order: Ender's Shadow, Shadow of the Hegemon, Shadow Puppets, Shadow of the Giant, Shadows in Flight.

**The First Formic War Series:** One hundred years before *Ender's Game*, the aliens arrived on Earth with fire and death. These are the stories of the First Formic War.

Earth Unaware, Earth Afire.

### Ender Novellas

A War of Gifts, First Meetings.

**The Authorized Ender Companion:** A complete and in-depth encyclopedia of all the persons, places, things, and events in Orson Scott Card's Ender Universe.

Amazon.com Review

In *Shadow Puppets*, Orson Scott Card continues the storyline of *Shadow of the Hegemon*, following the exploits of the Battle School children, prodigies who have returned to an Earth thrown into chaos after the unifying force of the alien invasion they stopped in *Ender's Game* and *Ender's Shadow* has dissipated.

Foremost among these whiz kids is the brilliant Bean who, in *Shadow of the Hegemon*, rescued his comrades from his nemesis--the dastardly Achilles. Now, the down-but-not-out evil genius is again scheming towards global domination and vengeance against the irrepressible Bean. It's up to Bean and his newfound love, Petra, to outwit the young psychopath and save the world. Meanwhile, the other Battle School children are called to serve again as an expansionist China threatens the stability of post-Bugger War Earth.

*Shadow Puppets* is, for better or worse, exactly what readers have come to expect from Card. There are thought-provoking musings on geopolitics, war, courage, arrogance, good versus evil, and the concept of children wise beyond their years dealing with grave responsibility. Unfortunately, many of these furnishings are looking a little frayed around the edges, but fans will enjoy an exciting, fast-paced plot and a suspense-filled conclusion. --Jeremy Pugh

From Publishers Weekly

Card spins another adventure in the Enderverse, following the exploits of Bean, Petra, Peter Wiggin and many of the other Battle School students. Wiggin, the Hegemon of a floundering and fragile union of countries, has freed the sociopath Acheel. While Wiggin realizes the error of his actions, Bean and Petra are on the run to avoid Acheel's overwhelming realm of influence. Though Card's politics and beliefs permeate the narrative, none can deny his masterful storytelling, enhanced by the four narrators. While presenting different points of views and even voices within the story, they at times overlap and still perform well. Each seem to dominate a different perspective of the book. Birney's brittle voice identifies the cold calculating side of Wiggin while also imbuing at times the desperation and frustration of the aspiring world leader. Brick works best with the cool and collected Bean while De Cuir uses her stern lilting voice to embody the lead female characters. Rudnicki's deep, cold voice is the perfect choice for the almost toneless e-mails prefacing each chapter. *A Tor Books paperback (Reviews, July 15, 2002). (July)*
