Editorial Review

Review

"In this fascinating study, Stevie Simkin traces the murderous figure of the femme fatale from her early modern roots to her present day incarnation ... It will be of great interest to scholars of literature and film, as well as those located in gender studies and criminology." - Lizzie Seal, Senior Lecturer in Criminology, University of Sussex, UK

"Simkin's reading of these case studies is always thoroughly researched (and one should hasten to say: very well written). ... It is not only a pleasure, but often a real thrill to follow the author in his investigation. ... This book is a truly feminist one, for it displays not only the many alibis that are always used to block women's search for independence, but also the fallacious idea that women's liberation has been achieved in our postmodern societies." - Jan Baetens, Editor-in-chief of Image [&] Narrative, (2015)
