Hidden Prey (The Prey Series Book 15) By John Sandford

“One of the strongest in Sandford’s Prey series.”—*Entertainment Weekly*

“Good, dark, perverse, bloody fun.”—*The Washington Post Book World*

Theories abound when a Russian gets himself killed on the shore of Lake Superior—shot with fifty-year-old bullets. But when it turns out he had very high government connections, state troubleshooter Lucas Davenport gets the call. Well, Lucas and a mysterious Russian cop with secrets all her own. Together, they’ll follow a trail back to another place and another time, and battle the shadows they discover there—shadows that turn out to be both very real and very deadly.

From the Paperback edition.

Editorial Review

From Publishers Weekly

Det. Lucas Davenport has battled some real demons over the past 15 Prey novels and drifted in and out of lust and love with a host of women. But now he's happily married to the lovely Weather; has a nine-month-old son, Sam; and takes care of his 12-year-old ward, Letty West. Sure, he's got a measure of the old angst, but he's growing accustomed to the good life, spending quality time alone on the couch drinking beer and watching TV golf. His new job is running the Office of Regional Research at the Minnesota Bureau of Criminal Apprehension where he looks into various crimes and "fixes shit" for the governor. So when a dead Russian shows up on the docks in Duluth, Lucas is assigned to shepherd the lady investigator, Nadya Kalin, being sent by the Russian government. From the very first pages, the reader knows it's teenager Carl Walther who has killed the Russian. What makes the book intriguing is the manner in which the sagacious Davenport goes about uncovering the rest of the co-conspirators—a gang of Minnesota-based Communist spies headed by Carl's grandpa, 92-year-old ex-KGB colonel Burt Walther. That Sandford makes this unlikely plot believable is a mark of his mastery of the technical aspects of the mystery form and a testament to his overall writing skills. Readers will be pleased with this relaxed version of the moody Minneapolis investigator. In past novels, the womanizing Davenport would have romanced the good-looking Russian lady, but the new Davenport is content to play the part of friend and protector and go back to his cozy family with an unstained and remarkably contented soul.

A Russian sailor is the victim of a professional assassination on the docks of Duluth. Wary of international implications, the governor of Minnesota asks Lucas Davenport, the chief investigator for the state's Bureau of Criminal Apprehension, to investigate. Major Nadezhda Kalin, a representative of Russian law enforcement, assists Davenport. The murder may be linked to the remnants of a dormant Soviet Union network established between the world wars but forgotten by the motherland. The descendants of the original network members have all melded into the American mainstream. Davenport and Kalin pursue the case through the rural mining towns of northern Minnesota even as they become the targets of the shadowy assassin. The sixteenth *Prey* novel is less harrowing and not as dark as many of its predecessors. It's also more humorous—even the suicide of a key character is accompanied by a sly, graveyard one-liner—with deft Davenport observations on the curious behavior of the opposite sex in general and on Russian women in particular. Similarities to previous *Prey* thrillers: high entertainment value; deftly rendered characterizations; and clever, believable dialogue. Expect another best-seller and stock up accordingly. *Wes Lukowsky*

Review

Hidden Prey is a welcome change from the avalanche of thrillers about Islamic terrorists... -- *New York Daily News*, May 30, 2004

Deft, action-packed, and slyly funny. Just when you thought the silky smooth Sandford couldn't possibly get better, he does. -- *Kirkus Reviews*, starred review, April 1, 2004

Users Review

From reader reviews:

Patrick Oneil:

Do you have favorite book? If you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world.
