Sociology, Work and Industry: Fifth edition By Tony Watson

In the fourth edition of this successful and popular text, Tony Watson explains how the discipline of sociology contributes to our wider understanding of the variety of work practices and institutions, which exist in modern society. The new edition outlines both what has been achieved historically and what is currently being achieved by the sociological study of work, as well presenting a range of concepts, models and other theoretical ideas that students and researchers can apply to the study of work. Subjects covered include:

- * how working patterns have changed, and continued to change since the industrial revolution
- * work organizations
- * innovations in the structuring of work activities at the enterprise level
- * the occupational aspects of the organization of work in changing societies
- * how people experience and cope with the pressures, insecurities and inequalities of a restructured world of work
- * how challenge and resistance influence the shaping of work in an ever-changing world.

Fully updated throughout, this book includes an all-new chapter on the distinctiveness of the sociological perspective along with guidance on the research and analysis of work. It will be essential reading for anybody studying the sociology of work and organizations.

Editorial Review

Review

"As a young researcher exploring shopfloor dynamics in the early 1980s, the first edition of this book was an invaluable source of ideas. In the intervening years, Tony Watson has continued to improve his analysis of the multi-faceted, changing and contradictory nature of work and organizations. This excellent updated edition provides a lucid theoretical overview and numerous contemporary examples. As an introductory text, this book is still very hard to beat." – *David Collinson, Professor of Leadership and Organisation, National Research Director for The Learning and Skills Improvement Service, Founding Co-Editor of 'Leadership', Lancaster University Management School, Lancaster, UK*

"Tony Watson's book has been the best book around for students of the sociology of work and industry. This fifth edition consolidates its position. Not only has he updated much of the material that has previously been covered, but with this new edition new areas and developments have been included. The best has got better!" – *Alan Bryman, Head of School, Professor of Organisational and Social Research, University of Leicester, UK*

"Who better to guide us through the complexities of work and organization in contemporary society than Tony Watson? And to do so in ways that examine, explain and put to use key theoretical concepts and resources. This latest edition continues to demonstrate the breadth, depth and insight that have made this book so popular with both teachers and students." – *Rick Delbridge, Professor, Chair in Organizational Analysis and Senior Fellow of the ESRC/EPSRC Advanced Institute of Management Research, Cardiff Business School, UK*

"I have used Sociology, Work and Industry as a core text for Business and Management students over the last decade. It is a rare book as it combines both theoretical insights and considerable academic scholarship with a lightness of touch which renders it accessible for both Undergraduate and Postgraduate students." – *Darren McCabe, Professor of Organisational Analysis, Keele Management School, UK*

"Tony Watson's Sociology, Work and Industry is a long-standing classic in the field. This new edition draws the reader in, with the elegantly constructed, and now louder, authorial voice pointing out how the sociological imagination can allow us to see the contemporary workplace afresh. Up-to-date and well-informed, this new edition is particularly impressive in the way that it helps the reader look across debates to see connections and commonalities. The book will be eagerly recommended by lecturers and well-received by students." – *Marek Korczynski, Professor of Sociology of Work, Loughborough University, UK*

"This nicely crafted textbook by one of the leading and most experienced scholars of sociology of work and organizations provides an excellent coverage of the entire field, combining a historical perspective with a strong awareness of contemporary developments in working life and theory." – *Mats Alvesson, Professor of Business/Management; Sociology Lund University, Sweden*

University of Nottingham.

Users Review

From reader reviews:

Amanda Moberly:

Information is provisions for folks to get better life, information nowadays can get by anyone from everywhere. The information can be a knowledge or any news even a huge concern. What people must be consider if those information which is within the former life are challenging to be find than now's taking seriously which one is suitable to believe or which one the actual resource are convinced. If you receive the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All of those possibilities will not happen in you if you take Sociology, Work and Industry: Fifth edition as your daily resource information.

Marco Roy:

Reading a e-book tends to be new life style on this era globalization. With reading you can get a lot of information that could give you benefit in your life. Together with book everyone in this world can share their idea. Guides can also inspire a lot of people. Plenty of author can inspire all their reader with their story or even their experience. Not only situation that share in the textbooks. But also they write about the ability about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors in this world always try to improve their expertise in writing, they also doing some analysis before they write with their book. One of them is this Sociology, Work and Industry: Fifth edition.

Laura McCallum:

A lot of people always spent their own free time to vacation or even go to the outside with them family or their friend. Do you know? Many a lot of people spent they free time just watching TV, or perhaps playing video games all day long. If you want to try to find a new activity that is look different you can read any book. It is really fun in your case. If you enjoy the book which you read you can spent the whole day to reading a book. The book Sociology, Work and Industry: Fifth edition it is quite good to read. There are a lot of those who recommended this book. We were holding enjoying reading this book. In case you did not have enough space to create this book you can buy typically the e-book. You can m0ore simply to read this book from your smart phone. The price is not to cover but this book offers high quality.

Alice Concannon:

This Sociology, Work and Industry: Fifth edition is great guide for you because the content and that is full of information for you who have always deal with world and have to make decision every minute. This book reveal it data accurately using great arrange word or we can claim no rambling sentences inside. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but hard core information with lovely delivering sentences. Having Sociology, Work and Industry: Fifth edition in your hand like having the world in your arm, info in it is not ridiculous one particular. We

can say that no guide that offer you world with ten or fifteen moment right but this publication already do that. So , this really is good reading book. Heya Mr. and Mrs. hectic do you still doubt that will?
