Operative Maxillofacial Surgery (Rob & Smith's Operative Surgery Series)

From CRC Press

This practical guide to operative procedures defines the current scope of maxillofacial surgery. It covers all the major operative techniques and procedures recommended for specialist accreditation by postgraduate examinations worldwide. In one volume it provides the maxillofacial trainee with the basic techniques of maxillofacial surgery. It will also be of use to ENT surgeons, neurosurgeons and plastic surgeons who require a working knowledge of these procedures as part of their extended practice.

Editorial Review

Review

An excellent synopsis of the work of the specialty. A very useful addition to any library for trainees in neurosurgery. It is recommended as a standard text for trainees in their early training in maxillofacial surgery.

British Journal of Neurosurgery

About the Author

John D. Langdon, Professor of Oral and Maxillofacial Surgery, King's College School of Medicine and Dentistry, London. Mohan F. Patel, Consultant Oral and Maxillofacial Surgeon, Royal Berkshire Hospital, Reading.

Users Review

From reader reviews:

Georgia Lopez:

People who think that in e-book form make them feel tired even dizzy this e-book is the answer. So there isn't any in reading a book especially this one. You can find what you are looking for. It should be here for you. So , don't miss it! Just read this e-book style for your better life along with knowledge.

Treva Ritter:

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to right

now there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Operative Maxillofacial Surgery (Rob & Smith's Operative Surgery Series) can make you experience more interested to read.

Anna Rangel:

What is your hobby? Have you heard which question when you got college students? We believe that that problem was given by teacher on their students. Many kinds of hobby, Every person has different hobby. And you also know that little person just like reading or as reading become their hobby. You need to know that reading is very important and book as to be the issue. Book is important thing to incorporate you knowledge, except your own personal teacher or lecturer. You discover good news or update concerning something by book. Different categories of books that can you choose to use be your object. One of them is niagra Operative Maxillofacial Surgery (Rob & Smith's Operative Surgery Series).
