Raised Bed Revolution: Build It, Fill It, Plant It ... Garden Anywhere! By Tara Nolan

Join the revolution and create a beautiful raised bed garden with inspiration from the ultimate raised bed gardening guidebook!

Raised bed gardening is the fastest-growing garden strategy today, and *Raised Bed Revolution* is its ultimate guidebook. The book includes information about size requirements for constructing raised beds, height suggestions, types of materials you can use, and creative tips for fitting the maximum garden capacity into small spaces--including vertical gardening.

Enhanced with gorgeous photography, this book covers subjects such as growing-medium options, rooftop gardening, cost-effective gardening solutions, planting tips, watering strategies (automatic water drip systems and hand watering), and more. The process of creating and building raised beds is a cinch, too, thanks to the extensive gallery of design ideas and step-by-step projects.

This gardening strategy is taking serious root. Why? Several reasons:

- Raised beds allow gardeners to practice space efficiency as well as accessibility (the beds can be customized to be any height).
- Raised beds permit gardeners to use their own soil, and they can be designed with wheels for easy portability if partial sunlight is a problem.
- Water conservation is easier for gardeners who use raised beds.
- Pest control is assisted because most garden pests can't make the leap up into the raised bed. For yards that struggle with drainage, raised bed gardening offers a no-brainer solution. Raised beds simply create a more interesting yard!

Find out more about why everyone is joining the raised bed revolution. You can roll up your sleeves and join it, too!

Editorial Review

Review

“I remember a time when no one grew in raised beds but now every garden has at least one to grow in. In this great new book by Tara Nolan she covers everything from raised bed construction to the importance of what you fill your bed with, as well as best types of materials, suitable irrigation systems and step by step projects. There are lots of great photographs that will hopefully inspire you to join the revolution as well. This is a great good for the experienced gardener as well as the novice.”

-Garden Book of the Month, August 2016 - **David Williams, Four Shires magazine**

About the Author

Tara Nolan is a freelance writer from the Toronto, Canada, area. Working as an editor and digital consultant, her publishing background is diverse. She's worked everywhere from Yahoo! Canada to Canadian Home Workshop. For over six years, Tara was the web editor of CanadianGardening.com where she won a Canadian Online Publishing Award for the Seed to Supper newsletter. She is a member of the Garden Writers Association and a co-founder of Savvy Gardening. She loves to write about travel, gardening, decor, and health and fitness for print and online publications. If she's not writing, you'll find Tara in the garden, mountain biking, or handcrafting a new project.

Users Review

From reader reviews:

Ronald Brun:

Precisely why? Because this Raised Bed Revolution: Build It, Fill It, Plant It ... Garden Anywhere! is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will jolt you with the secret that inside. Reading this book adjacent to it was fantastic author who all write the book in such wonderful way makes the content within easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of gains than the other book have such as help improving your proficiency and your critical thinking way. So , still want to hold up having that book? If I ended up you I will go to the e-book store hurriedly.

Danny Chamberland:

Playing with family in the park, coming to see the ocean world or hanging out with close friends is thing that usually you have done when you have spare time, in that case why you don't try thing that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Raised Bed Revolution: Build It, Fill It, Plant It ... Garden Anywhere!, you can enjoy both. It is very good combination right, you still need to miss it? What kind of hang-out type is it? Oh occur its mind hangout men. What? Still don't understand it, oh come on its identified as reading friends.

Ruby Mejia:

Many people spending their time period by playing outside along with friends, fun activity having family or just watching TV all day long. You can have new activity to spend your whole day by examining a book. Ugh, do you consider reading a book can actually hard because you have to use the book everywhere? It ok you can have the e-book, having everywhere you want in your Mobile phone. Like Raised Bed Revolution: Build It, Fill It, Plant It ... Garden Anywhere! which is obtaining the e-book version. So , why not try out this book? Let's notice.

Calvin Copher:

As we know that book is important thing to add our knowledge for everything. By a e-book we can know everything you want. A book is a range of written, printed, illustrated or perhaps blank sheet. Every year ended up being exactly added. This e-book Raised Bed Revolution: Build It, Fill It, Plant It ... Garden Anywhere! was filled about science. Spend your extra time to add your knowledge about your technology competence. Some people has various feel when they reading a new book. If you know how big good thing about a book, you can sense enjoy to read a book. In the modern era like right now, many ways to get book that you simply wanted.
