The Bramble Bush: On Our Law and Its Study By Karl N. Llewellyn

Written over 80 years ago, but highly relevant today, *The Bramble Bush* remains one of the books most recommended for students to read when considering law school, just before beginning its study, or early in the first semester. Its first edition began as a collection from a series of introductory lectures given by legal legend Karl Llewellyn to new law students at Columbia University. It still speaks to law, legal reasoning, and exam-taking skills in a way that makes it a classic for each new generation.

The new Quid Pro *Legal Legends* Edition includes an extensive 2012 Introduction by Stewart Macaulay, a senior law professor at the University of Wisconsin. Macaulay updates the modern reader on the book's current relevance and application, offers a practical perspective to new law students, and places the original edition in its historical context. Simply put, Macaulay writes, this "is a book that anyone interested in law schools or law should read."

Llewellyn's pointed and clear explanations of case briefing before class, visualization of case facts, active learning in class, the use of precedent, exam formats, and the limits of logic have proved timeless and highly practical. They remain excellent advice for current students to consider and implement in their own journey into the law. This is no Chamber of Commerce speech of mere platitudes about law practice and the grandeur of the bar. To be sure, Llewellyn believed in law school and legal education, and in dreaming big about a life in the law. But he was—famously—a realist above all, and this book gets to the nuts and bolts of studying law successfully in traditional legal education.

Whether from the enduring nature of his hands-on advice, or from the reality that the first year of law study and its classroom method simply have not changed very much over the years, the book remains, by all accounts, targeted to the way 'thinking like a lawyer' continues in the modern law school.

Now in a high-quality new edition from Quid Pro, *The Bramble Bush* is part of the *Legal Legends* Series. It features embedded page numbers from the previous, standard print editions—for continuity of assignments and referencing. Our production uses hyperaccurate checking against the original source—avoiding the misquotes, distracting formatting errors, and omissions common in such reissued classics, even from well-known presses. Only the Quid Pro versions offer these features (even if this description may appear under other publishers'

used or new books, or customer reviews that decry the poor quality of other reprintings).

Also in the Series, look for explained and introduced new editions of such classic works as Holmes' *The Common Law* (called *The Annotated Common Law*, with some 200 simple annotations to decode Holmes and the law he famously describes); Cardozo's *The Nature of the Judicial Process* (with extensive introduction by his premier biographer, Harvard Law's Andrew Kaufman); and Holmes' *The Path of the Law* and Warren & Brandeis' *The Right to Privacy* (both introduced by Steven Alan Childress of Tulane Law School).

Editorial Review

About the Author

Karl N. Llewellyn (1893-1962) was a distinguished legal scholar and professor of law, teaching at Columbia and the University of Chicago. He was a leading figure in the school of Legal Realism, and the author of acclaimed books on law study, commercial law, jurisprudence, and legal anthropology.

Users Review

From reader reviews:

Della Bailey:

In other case, little folks like to read book The Bramble Bush: On Our Law and Its Study. You can choose the best book if you'd prefer reading a book. So long as we know about how is important a book The Bramble Bush: On Our Law and Its Study. You can add information and of course you can around the world by the book. Absolutely right, mainly because from book you can learn everything! From your country till foreign or abroad you will be known. About simple point until wonderful thing it is possible to know that. In this era, we are able to open a book or even searching by internet unit. It is called e-book. You can utilize it when you feel uninterested to go to the library. Let's study.

Patricia Northcutt:

The book The Bramble Bush: On Our Law and Its Study make you feel enjoy for your spare time. You should use to make your capable a lot more increase. Book can for being your best friend when you getting strain or having big problem using your subject. If you can make reading a book The Bramble Bush: On Our Law and Its Study to get your habit, you can get a lot more advantages, like add your capable, increase your knowledge about several or all subjects. It is possible to know everything if you like available and read a reserve The Bramble Bush: On Our Law and Its Study. Kinds of book are a lot of. It means that, science guide or encyclopedia or others. So , how do you think about this reserve?

Dolores Albert:

This The Bramble Bush: On Our Law and Its Study is brand new way for you who has interest to look for some information as it relief your hunger of knowledge. Getting deeper you into it getting knowledge more you know or you who still having small amount of digest in reading this The Bramble Bush: On Our Law and Its Study can be the light food for you because the information inside that book is easy to get by simply anyone. These books build itself in the form that is certainly reachable by anyone, yes I mean in the e-book form. People who think that in book form make them feel drowsy even dizzy this book is the answer. So there is not any in reading a e-book especially this one. You can find what you are looking for. It should be here for a person. So , don't miss the item! Just read this e-book type for your better life along with knowledge.

Clara Radtke:

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this The Bramble Bush: On Our Law and Its Study can make you experience more interested to read.
