**Apartheid in South Africa (Witness to History)** By David Downing

Brings to life monumental events of the events of the past through the accounts of people who were there at the time. This compelling series invites the reader to look at history with new eyes by questioning the reliability of historical documents and asking what it is that we can learn by bearing witness to history. Ages 14-16.

## **Editorial Review**

From [Booklist](#)

Gr. 7-10. Part of the Witness to History series, this dense volume is an excellent narrative overview of the apartheid struggle, drawing extensively on primary sources that provide depth, detail, drama, and authenticity. Still very readable, the pages are packed with newspaper articles and official documents, full-color documentary photos, and boxed insets, in varied typefaces, that provide context for the quotes that present many sides of the issues. The bibliography is short, but the fully documented list of primary sources will stimulate readers to find out more, and the book has both an extensive glossary and a time line. Other titles in the series include *Afghanistan*, *Hiroshima*, and *The War in Iraq*. Hazel Rochman
