End This Depression Now! By Paul Krugman

A New York Times best-selling call to arms from Nobel Prize-winning economist Paul Krugman.

The Great Recession is more than four years old—and counting. Yet, as Paul Krugman points out in this powerful volley, "Nations rich in resources, talent, and knowledge—all the ingredients for prosperity and a decent standard of living for all—remain in a state of intense pain."

How bad have things gotten? How did we get stuck in what now can only be called a depression? And above all, how do we free ourselves? Krugman pursues these questions with his characteristic lucidity and insight. He has a powerful message for anyone who has suffered over these past four years—a quick, strong recovery is just one step away, if our leaders can find the "intellectual clarity and political will" to end this depression now.

Editorial Review

Review

"[Krugman] makes an urgent, even passionate case that our economic problems are, at root, fairly simple, and we have the knowledge and the tools to solve them.

Paul Krugman is stepping up to play the kind of role that John Maynard Keynes performed in the 1930s. "

A thoroughly persuasive polemic against premature fiscal austerity in the wake of a deep recession. "

[Krugman] makes an urgent, even passionate case that our economic problems are, at root, fairly simple, and we have the knowledge and the tools to solve them. "

An important contribution to the current study of economics and a reason for hope that effective solutions will be implemented again. "

Starred review. Krugman (Fuzzy Math), winner of the 2008 Nobel Prize in Economics, takes an edifying and often humorous journalistic approach to the current economic crisis in this accessible and timely study. Rather than provide a mere postmortem on the 2008 collapse (though relevant history lessons are provided), Krugman aims to plot a path out of this depression. Krugman has consistently called for more liberal economic policies, but his wit and bipartisanship ensure that this book will appeal to a broad swath of readers from the Left to the Right, from the 99% to the 1%. "

About the Author

Paul Krugman is the recipient of the 2008 Nobel Prize in Economics. He is a best-selling author, columnist, and blogger for the New York Times, and is a professor of economics and international affairs at Princeton University.

Users Review
