Globalized Freight Transport: Intermodality, E-commerce, Logistics, And Sustainability (Transport Economics, Management, and Policy) From Brand: Edward Elgar Pub

The worldwide movement of freight has emerged as one of the most critical and dynamic aspects of the transport sector. The contributors to this study examine the current state of global freight transport, with an emphasis on Europe and North America and their extra-regional linkages. These original contributions synthesize existing knowledge, highlight new developments, problems and possible solutions, and underscore the need for further research. The book's starting point is the fact that freight transport is the main element supporting global supply and commodity chains, from the transformation of raw materials to market distribution and after-market services. However, as the authors point out, the rising costs associated with security and various other constraints, as well as the complexity of getting goods delivered, is adding to profit pressures faced by manufacturers around the globe. Despite the application of technology and increasingly efficient solutions to the movement of freight, constraint points and conditions obstructing smooth operations and sustainability have developed. These difficulties affect both the environment and economic growth. Examining the issues from four critical perspectives - intermodality, e-commerce and technology, logistics, and sustainability - Globalized Freight Transport captures the concern for the viability of freight systems and the ways they are impacting the global economy. This cutting-edge study will be of great interest to students and scholars of transportation, as well as to public sector policymakers and private sector managers.

Editorial Review

Review

'The editors as well as the authors of these essays should be commended for bringing together and discussing within this volume many of the important issues facing globalized freight movements.' -- Robert Martin, The Professional Geographer
'... Leinbach and Capineri have produced an interesting and useful addition to the literature on this massive subject. . .' -- Anthony Beresfore, International Journal of Maritime History

'Globalization is a fashionable issue. But solid research on the conditions and implications for freight transport is badly missing. This volume contains a unique set of high-quality contributions on freight transport in the age of globalization. It offers a wealth of original insights to both the research and policy-making community.' -- Peter Nijkamp, VU University Amsterdam, The Netherlands

About the Author

Edited by the late Thomas R. Leinbach, former Professor of Geography, University of Kentucky, Lexington, US and Cristina Capineri, Associate Professor of Geography, Universita di Siena, Italy

Users Review

From reader reviews:

Thomas Abrams:

Reading can called head hangout, why? Because if you are reading a book especially book entitled Globalized Freight Transport: Intermodality, E-commerce, Logistics, And Sustainability (Transport Economics, Management, and Policy) the mind will drift away trough every dimension, wandering in every single aspect that maybe unfamiliar for but surely can be your mind friends. Imaging each and every word written in a guide then become one type conclusion and explanation that maybe you never get previous to. The Globalized Freight Transport: Intermodality, E-commerce, Logistics, And Sustainability (Transport Economics, Management, and Policy) giving you a different experience more than blown away your brain but also giving you useful data for your better life on this era. So now let us teach you the relaxing pattern here is your body and mind will probably be pleased when you are finished studying it, like winning a casino game. Do you want to try this extraordinary paying spare time activity?

Jeanne Gonzales:

Are you kind of stressful person, only have 10 or maybe 15 minute in your day time to upgrading your mind talent or thinking skill perhaps analytical thinking? Then you are receiving problem with the book compared to can satisfy your small amount of time to read it because this all time you only find e-book that need more time to be read. Globalized Freight Transport: Intermodality, E-commerce, Logistics, And Sustainability (Transport Economics, Management, and Policy) can be your answer since it can be read by a person who have those short free time problems.

Melvin Hayes:

Many people spending their time by playing outside with friends, fun activity along with family or just watching TV the whole day. You can have new activity to enjoy your whole day by reading through a book. Ugh, think reading a book can actually hard because you have to use the book everywhere? It okay you can have the e-book, having everywhere you want in your Smart phone. Like Globalized Freight Transport: Intermodality, E-commerce, Logistics, And Sustainability (Transport Economics, Management, and Policy) which is getting the e-book version. So , try out this book? Let's observe.

Janice Hayes:

As a scholar exactly feel bored to help reading. If their teacher inquired them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Globalized Freight Transport: Intermodality, E-commerce, Logistics, And Sustainability (Transport Economics, Management, and Policy) can make you sense more interested to read.
