**Hyperpolitics: An Interactive Dictionary of Political Science Concepts** By Mauro Calise, Theodore J. Lowi

Fifteen years in the making, *Hyperpolitics* is an interactive dictionary offering a wholly original approach for understanding and working with the most central concepts in political science. Designed and authored by two of the discipline's most distinguished scholars, its purpose is to provide its readers with fresh critical insights about what informs these political concepts, as well as a method by which readers—and especially students—can unpack and reconstruct them on their own.

International in scope, *Hyperpolitics* draws upon a global vocabulary in order to turn complex ideas into an innovative teaching aid. Its companion open access website ([www.hyperpolitics.net](http://www.hyperpolitics.net)) has already been widely acknowledged in the fields of education and political science and will continue to serve as a formidable hub for the book's audience. Much more than a dictionary and enhanced by dynamic graphics, *Hyperpolitics* introduces an ingenious means of understanding complicated concepts that will be an invaluable tool for scholars and students alike.

### Editorial Review

#### Review

"All of this is wonderful, exciting, imaginative, and generous. Hyperpolitics is a great service to many disciplines, not just political science. As an intellectual history of political science, this book is unequalled. This is a pioneering reinvention of the dictionary." - Richard M. Valelly, Swarthmore College"

#### About the Author

**Mauro Calise** is professor of political science at the University of Naples Federico II. The author of several books ([www.maurocalise.it](http://www.maurocalise.it)), he is also the president of the Italian Political Science Association and director of the IPSA Web Portal for Electronic Sources. **Theodore J. Lowi** is the John L. Senior Professor of American Institutions at Cornell University. A former president of the American Political Science Association and of the International Political Science Association, he is the author of *The End of Liberalism*.

### Users Review

#### From reader reviews:

##### Robert Hay:

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each guide has different aim or perhaps goal; it means that publication has different type. Some people feel enjoy to spend their time and energy to read a book. They can be reading whatever they take because their hobby is actually reading a book. How about the person who don't like studying a book? Sometime, man or woman feel need book when they found difficult problem or maybe exercise. Well, probably you will need this Hyperpolitics: An Interactive Dictionary of Political Science Concepts.

##### Richard Capps:

Information is provisions for individuals to get better life, information nowadays can get by anyone at everywhere. The information can be a knowledge or any news even a huge concern. What people must be consider if those information which is from the former life are challenging be find than now could be taking seriously which one would work to believe or which one the actual resource are convinced. If you find the unstable resource then you understand it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take Hyperpolitics: An Interactive Dictionary of Political Science Concepts as the daily resource information.

##### John Lien:

A lot of people always spent their particular free time to vacation or go to the outside with them family or their friend. Did you know? Many a lot of people spent that they free time just watching TV, or playing

video games all day long. If you would like try to find a new activity honestly, that is look different you can read any book. It is really fun in your case. If you enjoy the book you read you can spent the whole day to reading a publication. The book *Hyperpolitics: An Interactive Dictionary of Political Science Concepts* it is rather good to read. There are a lot of folks that recommended this book. These folks were enjoying reading this book. When you did not have enough space to develop this book you can buy typically the e-book. You can m0ore quickly to read this book from a smart phone. The price is not too expensive but this book offers high quality.

**Gregory McKinney:**

Why? Because this *Hyperpolitics: An Interactive Dictionary of Political Science Concepts* is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret the idea inside. Reading this book beside it was fantastic author who write the book in such amazing way makes the content interior easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this any more or you going to regret it. This unique book will give you a lot of rewards than the other book possess such as help improving your talent and your critical thinking approach. So , still want to hold off having that book? If I were you I will go to the reserve store hurriedly.
