The Gracekeepers: A Novel By Kirsty Logan

For readers of *The Night Circus* and *Station Eleven*, a lyrical and absorbing debut set in a world covered by water

As a Gracekeeper, Callanish administers shoreside burials, laying the dead to their final resting place deep in the depths of the ocean. Alone on her island, she has exiled herself to a life of tending watery graves as penance for a long-ago mistake that still haunts her. Meanwhile, North works as a circus performer with the Excalibur, a floating troupe of acrobats, clowns, dancers, and trainers who sail from one archipelago to the next, entertaining in exchange for sustenance.

In a world divided between those inhabiting the mainland ("landlockers") and those who float on the sea ("damplings"), loneliness has become a way of life for North and Callanish, until a sudden storm offshore brings change to both their lives--offering them a new understanding of the world they live in and the consequences of the past, while restoring hope in an unexpected future.

Inspired in part by Scottish myths and fairytales, *The Gracekeepers* tells a modern story of an irreparably changed world: one that harbors the same isolation and sadness, but also joys and marvels of our own age.

— Finalist, Lambda Literary Award

Editorial Review

From School Library Journal

This speculative tale is set in a water world with archipelagos of islands, where people are either damplings (born, raised, living, and dying on the water) or landlockers. The two mix sporadically and usually with distrust at events like religious revivals or when the circus comes on land. They also interact when there's a death, as damplings go to landlocked gracekeepers to bury their dead, a process that involves prayer and the body being placed in the sea with a captive bird marking the spot until the bird dies. The two groups collide when Callandish, a gracekeeper, is asked to bury a member of the Excalibur troupe and meets North, a dampling who works with a semi-tame tiger. Each recognizes a certain loneliness in the other and a need to somehow rectify past mistakes; ultimately, Callandish takes off to visit her mother and to find North, hoping to fulfill her need for companionship and forgiveness. The evocative descriptions of life as a gracekeeper and circus member or as a dampling or landlocker give the work a magical tone. The future Earth setting, in which oceans have risen so high that there are no continents, is something touched upon but not stressed by the author, helping readers to immerse themselves in the narrative. **VERDICT** Recommended for teens looking for speculative fiction with strong character development and a quiet plot, like those by Kent Haruf.—Laura Pearle, Miss Porter's School, CT

Review

An NPR Best Book of the Year Selection

“Logan not only captures the cloistered eeriness of circus life, she does so in a way that lovingly reinvents both the weird whimsy and archetypal resonance of fairytales...Logan crafts an exquisitely wrought diorama full of tenderly compelling characters; observations about grief, worship, social order, and human nature, and a love that transcends definition... Spellbinding.”—**NPR.org**

“A lyrical debut novel that explores how our truest family is often one of our choosing rather than the one we’re born into.”—**Washington Post**

“Filled with evocative images, including cruise ships transformed into itinerant revival meetings, and with classic fairy tale elements such as world trees and selkies, Logan's novel imbues what is essentially an environmental fable with the heft of myth.”—**Publishers Weekly (starred review)**

"A beautifully strange debut novel that draws upon folklore of the Scottish west and the isles...Starkly original...The storm that rocks the *Excalibur* is both literal and metaphorical, as it brings the lives of North and Callanish crashing together and stirs up love, adventure, and a smoldering determination to find a sense of wholeness....Haunting, spare, and evocative."—**Kirkus Reviews**

“Gorgeous...Culling from Scottish fairytales, Logan paints a hauntingly beautiful portrait of a world imbued with both myth and eerie realness.”--**Bustle**

“Electrifying...Like Emily St John Mandel’s *Station Eleven*, *The Gracekeepers* circles the peculiar business of the culture humans make, and tries to understand why we would persist in the direst circumstances. From the flotsam of the washed-out world, ersatz elements are pulled together – a little King Arthur, some rustic paganism, evangelical kitsch – to make something that is, after all, beautiful...This is a novel of the liminal and the liquid, seeking new ways of living together and new forms of life in a world that humans have transformed almost beyond the possibility of our own survival. As with any good descent, there is danger, devilish glamour and a resurfacing into sunlit salvation.”--**Guardian**

“Magical in every way...[A] beguiling, absorbing debut...Everything about this book is beautiful; the language is as poetic and diaphanous as nature and the many characters who contribute to the story are utterly authentic in this magic realist world. Every one of them stays with you, leaving you craving more about their back stories and their fates. Logan has a uniquely light touch on the theme of fluidity of gender and, above all, it all seems driven by humanity. This is a delicious piece of work from a supremely talented young writer.”—*The Scotsman*

“Dreamlike...wonderfully imaginative...Memorable and beautiful.”—*Daily Mail*

“[A] modern fairytale...Outstanding.”—*Herald Scotland*

"Truly magical... Perfect for summer escapism."--*Heat*

"A bold, fresh new talent... a wild, original imagination"--*Independent on Sunday*

"In luscious, vivid prose, Logan brings to mind Angela Carter, or Atwood or Winterson at their best"—*Independent*

"*The Gracekeepers* is enchanting and heart-tugging. If you love Margaret Atwood you'll love this"--*Sunday Telegraph*

"Likened to Margaret Atwood, *The Gracekeepers* is a wondrous read"—*Stylist*

"Beautiful and bewitching: read it and be swept away on a magical wave of love and language"--*Bookseller*

“A highly original fantasy, set in a haunting sea-world both familiar and mysterious.”—**Ursula K. Le Guin**

"*The Gracekeepers* is an enchanting, magical tale, and Kirsty Logan's writing is beautiful. Compelling and vivid, with Scottish lore woven lyrically throughout, *The Gracekeepers* explores such issues as loneliness and isolation, our innate tendencies to create divisions between ourselves and others, the consequences of long-ago actions, and, ultimately, the restoration of hope."—**Sara Gruen, author of *Water for Elephants* and *At the Water's Edge***

“A gorgeously melancholy novel, a post-apocalyptic fairy tale of mermen and mourning birds, ghost cities on the ocean floor and precious, precious soil. I envy the reader who is just now picking it up.”—**Camille DeAngelis, author of *Bones & All***

“The *Gracekeepers* is a seemingly impossible combination of the lyrical and the gritty, the magical and the brutal. In haunting prose Kirsty Logan has woven a compelling, emotionally dense fairytale that kept me enthralled 'til the last page.”--**Tamar Cohen, author of *War of the Wives***

Praise for Kirsty Logan's *The Rental Heart and Other Fairytales*:

Longlisted for the Frank O'Connor International Short Story Award

Winner of the Saboteur Award for Best Short Story Collection

Winner of the Scott Prize for Short Stories

“Kirsty Logan is an exquisite writer who possesses the uncanny ability to make even the most mundane detail beautifully compelling. If you want to be captivated, if you want to be utterly taken, reach for this

book and don't let go."—**Roxane Gay, author of *Bad Feminist***

"Alarmingly good . . . Concise, vividly written and full of dark, arresting imagery." —***The Herald***

"[Logan] brings to mind Angela Carter, or Atwood or Winterson at their best...An exciting emerging voice, and *The Rental Heart* is an addictively enjoyable addition to the welcome resurgence of the short story. It displays an unexpectedly dizzying range of styles for a debut effort, putting Logan at the top of the "ones to watch" list. It's always exciting to see such a bold, fresh new talent, and if Logan carries on in this vein, she'll become a staple of the awards shortlists."—***Independent***

About the Author

KIRSTY LOGAN is an award-winning writer based in Scotland. She regularly performs her stories at events and festivals around the UK and Europe. *The Gracekeepers* is her debut novel.

Users Review

From reader reviews:

Ned Aguayo:

Playing with family within a park, coming to see the marine world or hanging out with friends is thing that usually you could have done when you have spare time, and then why you don't try thing that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love *The Gracekeepers: A Novel*, you can enjoy both. It is good combination right, you still need to miss it? What kind of hang-out type is it? Oh can occur its mind hangout people. What? Still don't understand it, oh come on its identified as reading friends.

Scarlet Rome:

This *The Gracekeepers: A Novel* is great book for you because the content which can be full of information for you who also always deal with world and also have to make decision every minute. This particular book reveal it details accurately using great manage word or we can declare no rambling sentences in it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but difficult core information with attractive delivering sentences. Having *The Gracekeepers: A Novel* in your hand like finding the world in your arm, information in it is not ridiculous a single. We can say that no guide that offer you world in ten or fifteen small right but this e-book already do that. So , this really is good reading book. Heya Mr. and Mrs. busy do you still doubt that?

Brenda Cornell:

This *The Gracekeepers: A Novel* is new way for you who has attention to look for some information since it relief your hunger associated with. Getting deeper you in it getting knowledge more you know or you who still having tiny amount of digest in reading this *The Gracekeepers: A Novel* can be the light food to suit your needs because the information inside this specific book is easy to get through anyone. These books develop itself in the form which can be reachable by anyone, that's why I mean in the e-book type. People who think that in publication form make them feel drowsy even dizzy this e-book is the answer. So there isn't any in reading a publication especially this one. You can find actually looking for. It should be here for

anyone. So , don't miss the item! Just read this e-book sort for your better life and knowledge.

Mario Davis:

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some e-book, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the trainer want, like asked to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this The Gracekeepers: A Novel can make you sense more interested to read.
