As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or even make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there.
