## Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) By Lotfollah Shafai

This is the first truly comprehensive and most up-to-date handbook available on modern reflector antennas and feed sources for diversified space and ground applications. There has never been such an all-encompassing reflector handbook in print, and no currently available title offers coverage of such recent research developments. The Handbook consists of three volumes. Volume 2 focuses on feed sources.

Reflector antennas are extraordinary devices that combine high gain with geometrical simplicity, and can operate in broad frequency bands. Their performance, however, depends on the electrical characteristics of the feed system with which they operate. This comprehensive volume provides you with a solid understanding of feed system theory, design, and analysis.

Featuring chapters authored by experts in each aspect of feed systems, this book takes you from fundamental mathematical techniques, electrically small and large dual reflectors, feed geometry and telemetry, tracking and command antennas, and more. Throughout the book numerous examples are provided to guide you in the practical aspects of feed design.

### **Editorial Review**

#### About the Author

Lotfollah Shafai is the Canada Research Chair in the Electrical and Computer Engineering Department at the University of Manitoba. He earned his PhD in electrical engineering from the University of Toronto. Satish K. Sharma is an associate professor in the Department of Electrical and Computer Engineering at the San Diego State University. He earned his PhD in electronics engineering from the Indian Institute of Technology (BHU), Varanasi. Sudhakar Rao is a Technical Fellow at Northrop Grumman Aerospace Systems. He earned his PhD in electrical engineering from the Indian Institute of Technology, Madras.

### **Users Review**

#### **From reader reviews:**

##### **Agnes Higa:**

Here thing why this kind of Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) are different and trusted to be yours. First of all studying a book is good nevertheless it depends in the content of it which is the content is as yummy as food or not. Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) giving you information deeper as different ways, you can find any book out there but there is no reserve that similar with Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library). It gives you thrill studying journey, its open up your own eyes about the thing this happened in the world which is perhaps can be happened around you. You can easily bring everywhere like in recreation area, café, or even in your means home by train. Should you be having difficulties in bringing the printed book maybe the form of Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) in e-book can be your substitute.

##### **Roger Dupre:**

Do you really one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Try and pick one book that you find out the inside because don't assess book by its deal with may doesn't work here is difficult job because you are frightened that the inside maybe not because fantastic as in the outside look likes. Maybe you answer is usually Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) why because the excellent cover that make you consider about the content will not disappoint an individual. The inside or content is usually fantastic as the outside or maybe cover. Your reading sixth sense will directly make suggestions to pick up this book.

##### **Willa Killeen:**

This Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) is completely new way for you who has attention to look for some information because it relief your hunger of information. Getting deeper you in it getting knowledge more you know or

else you who still having little bit of digest in reading this Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) can be the light food to suit your needs because the information inside this kind of book is easy to get by anyone. These books produce itself in the form that is certainly reachable by anyone, yes I mean in the e-book web form. People who think that in publication form make them feel drowsy even dizzy this book is the answer. So there is no in reading a reserve especially this one. You can find actually looking for. It should be here for an individual. So , don't miss it! Just read this e-book kind for your better life along with knowledge.

**Stephanie Landa:**

Don't be worry in case you are afraid that this book will filled the space in your house, you could have it in e-book approach, more simple and reachable. This particular Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library) can give you a lot of pals because by you checking out this one book you have point that they don't and make anyone more like an interesting person. That book can be one of one step for you to get success. This book offer you information that maybe your friend doesn't understand, by knowing more than some other make you to be great people. So , why hesitate? We should have Handbook of Reflector Antennas and Feed Systems: Volume 2 - Feed Systems (Artech House Antennas and Propagation Library).
