Editorial Review

Review

"*The Urban World* is clearly better than competing books. It does an effective job exposing students to the basic tenets of urban politics, history, economics, and geography, and helps prepare them for deeper deliberation and research. I will adopt. It is the only book appropriate for my Introduction to Urban Studies course."--Cara Robinson, *Tennessee State University*

" Palen presents the material clearly and concisely, and does a nice job of presenting a variety of concepts and competing analytical frameworks. I have looked at other books but have not found any that are as good as *The Urban World*."--Robert Kerstein, *University of Tampa*
