Editorial Review

Review

"In virtue of its text alone, this book represents a major advance; and the essays, which range far beyond the text . . ., are considerable works of philosophical interpretation in their own right. Anyone interested in Aristotle will want to own this book: it will be conned, discussed, and valued, for years to come."--**Jonathan Barnes, *Greece and Rome***

"An achievement that deserves warm thanks and congratulation."--**John Ackrill, *Philosophical Review***

Language Notes

Text: English, Greek (translation)

From the Back Cover

The aim of this book is to ask through a study of one of his most complicated treatises on explanation, how far, and in what sense, the demands of the 'scientific person' are Aristotle's.

Users Review

From reader reviews:

Paula Jackson:

Have you spare time for a day? What do you do when you have a lot more or little spare time? Yeah, you can choose the suitable activity with regard to spend your time.
