### The Fifth Assassin (The Culper Ring Series) By Brad Meltzer

From John Wilkes Booth to Lee Harvey Oswald, there have been more than two dozen assassination attempts on the President of the United States.

Four have been successful.

But now, Beecher White--the hero of the #1 *New York Times* bestseller *The Inner Circle*--discovers a killer in Washington, D.C., who's meticulously re-creating the crimes of these four men. Historians have branded them as four lone wolves. But what if they were wrong?

Beecher is about to discover the truth: that during the course of a hundred years, all four assassins were secretly working together. What was their purpose? For whom do they really work? And why are they planning to kill the current President?

Beecher's about to find out. And most terrifyingly, he's about to come face-to-face with the fifth assassin.

## Editorial Review

Amazon.com Review

**Amazon Best Books of the Month, January 2013:** I consider myself a cagey reader, the literary equivalent of a wizened salmon, suspicious of fakery, wary of sloppy plotting and cliché, and ready to bail if I'm not lured in by page 50. So when Meltzer got his hooks in me by the end of page three, and never stopped reeling me in, I have to say I was impressed. I was also impressed that the hero of *The Fifth Assassin* (first introduced in *The Inner Circle*) isn't a misanthrope cop or hard-drinking PI but a brainy archivist at the National Archives. Beecher White is a glorified *librarian*, for god's sake. But with a dash of Sherlock Holmes and a hint of Indiana Jones, White is a refreshingly quirky pursuer of justice, and his hunt for a would-be assassin—which takes us through history and through the secret spaces around Washington, DC—makes for a thrilling read, as well as a nice reminder that a page-turner can be smart, deeply researched, and just plain fun. --*Neal Thompson*

From [Booklist](#)

National archivist Beecher White (*The Inner Circle*, 2011) returns in another heart-pounding thriller set in Washington, D.C. As if he were spinning plates, Meltzer balances almost too many characters' stories simultaneously: the evil president who is about to be assassinated; the elusive first love, Clementine, and her insane father, Nico; and Marshall, suspected killer and Beecher's wounded childhood friend. Also in the mix are four seemingly random murders modeled on presidential assassinations and a secret spy ring initiated by George Washington. Beecher narrates sections of the story as he races from crime scenes to hospitals and even to Camp David, setting a frantic pace that will leave readers breathless and tense. Interlaced with Beecher's narration are short snippets in an omniscient voice that matter-of-factly yet chillingly describes the killer, who calls himself the Knight and wears a white plastic mask. As the story nears its climax (Will there be a fifth presidential assassination?), we are still guessing about the Knight's identity and his bizarre motives. This roller-coaster car should come with a seatbelt! --*Jen Baker*

Review

"Clearly a history buff of the highest order, Meltzer knows his stuff, and he's included research from chats with none other than President George H.W. Bush....Beecher's got the mental acumen of Robert Langdon and the gumption of Indiana Jones, but unlike those globe-trotting types, Meltzer's protagonist is thrown into adventures made in the USA and acts as an awesome gateway into the deadlier aspects of American history." *USA Today*

"Ratchets up the drama and human interest, and Meltzer's fans will enjoy the usual sprinkling of history factoids, fast-paced writing and the double-whiplash bombshell conclusion." *Kirkus Reviews*

"History and suspense collide in shocking ways - and the intensity never lets up. Beecher carries the weight of the story. He's a great character who will resonate with readers since he's like the fun next-door neighbor or your best friend in college....One of his best books to date...The ending of *The Fifth Assassin* appears to announce that Beecher White will return, and that cannot come fast enough."

*Washington Post*

"Full of surprises, action, twists and turns, it is a wild and entertaining (and yes, educational) romp, wonderful in every way...Read *The Fifth Assassin* and prepare to be entranced and enthralled." *BookReporter*

"Meltzer has earned the right to belly up to the bar with John Grisham, Scott Turow, and David Baldacci.
