Concise Oxford Dictionary of Archaeology (Oxford Quick Reference) By Timothy Darvill

This is the most wide-ranging, comprehensive, and up-to-date dictionary of archaeology available. Over 4,000 A-Z entries explain the terms encountered in academic and popular archaeological literature, in lectures, and on television. Topics covered include artifacts, techniques, terminology, people, sites, and periods, and specialist areas such as industrial and maritime archaeology. This second edition is fully revised and updated, with 150 new entries on archaeological sites, terms, movements, and people, plus extended coverage of archaeological resource management and archaeological theory. While the dictionary's primary focus is on Europe, the Old World, and the Americas, as these are the regions where archaeology has become best established, it also includes key archaeological sites around the world. A quick-reference section covers chronological periods, Egyptian rulers and dynasties, Roman rulers and dynasties, rulers of England to AD 1066, and principal international conventions and recommendations. New to this edition are recommended, up-to-date web links for over 100 entries on the *Dictionary of Archaeology* companion website, regularly updated to keep links completely current.

About the Author

Timothy Darvill is Professor of Archaeology at Bournemouth University, and is a fellow of the Society of Antiquaries. He graduated from Southampton University and has worked for the Western Archaeological Trust and the Council for British Archaeology. He has directed a number of excavations, was secretary of the Committee for Archaeology in Gloucestershire, and secretary of CBA Group 13. He has also served on the Council of the National Trust and was chairman of the Institute of Field Archaeologists. He is currently chairman of the board of directors of the Cotswold Archaeological Trust Ltd. His previous publications include numerous reports and papers in academic and popular journals, and he has written several books including: *The Archaeology of the Uplands* (1986), *Prehistoric Britain* (1987), and *Prehistoric Britain from the Air* (1997), *England: An Archaeological Guide* (2002), and *Stonehenge: the biography of a landscape* (2006) .

Users Review

From reader reviews:

Kenneth Salinas:

Information is provisions for individuals to get better life, information today can get by anyone in everywhere. The information can be a expertise or any news even a concern. What people must be consider any time those information which is within the former life are difficult to be find than now's taking seriously which one is appropriate to believe or which one the particular resource are convinced. If you find the unstable resource then you have it as your main information you will have huge disadvantage for you. All of those possibilities will not happen with you if you take Concise Oxford Dictionary of Archaeology (Oxford Quick Reference) as the daily resource information.

Rigoberto Adams:

Reading a e-book tends to be new life style in this particular era globalization. With examining you can get a lot of information that could give you benefit in your life. Together with book everyone in this world could share their idea. Publications can also inspire a lot of people. Lots of author can inspire their particular reader

with their story or maybe their experience. Not only the storyline that share in the books. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors on this planet always try to improve their proficiency in writing, they also doing some analysis before they write to their book. One of them is this Concise Oxford Dictionary of Archaeology (Oxford Quick Reference).
