Dissecting the Social: On the Principles of Analytical Sociology By Peter Hedstrom

Building on his earlier influential contributions to contemporary debates on social theory, Peter Hedstrom argues for a systematic development of sociological theory so that it has the explanatory power and precision to inform sociological research and understanding--qualities lacking in much of the grand social theorizing currently fashionable.

Editorial Review

Review

"Dissecting the Social is a substantial and important contribution to the emerging paradigm of mechanism-based explanation." -Andreas Pickel, Canadian Journal of Sociology Online

"This book...is an enjoyable and important addition to the meager library of serious philosophy of social science. It gives pleasure to read because it is clearly conceived and elegantly written, and because...it is chock full of examples of current research. And Hedström's book is important because it emphasizes the thesis that to explain facts of a type is to exhibit or hypothesize the mechanisms that brings them about." - Mario Bunge, Philosophy of the Social Sciences

About the Author

Peter Hedström is Professor of Sociology and Fellow of Nuffield College, Oxford. He has published numerous articles in leading academic journals and is co-author of Social Mechanisms (Cambridge, 1998) with R. Swedberg.

Users Review
