Editorial Review

About the Author

Kenneth C. Laudon is a Professor of Information Systems at New York University's Stern School of Business. He holds a B.A. in Economics from Stanford and a Ph.D. from Columbia University. He has authored twelve books dealing with electronic commerce, information systems, organizations, and society. Professor Laudon has also written over forty articles concerned with the social, organizational, and management impacts of information systems, privacy, ethics, and multimedia technology.

Professor Laudon's current research is on the planning and management of large-scale information systems and multimedia information technology. He has received grants from the National Science Foundation to study the evolution of national information systems at the Social Security Administration, the IRS, and the FBI. Ken's research focuses on enterprise system implementation, computer-related organizational and occupational changes in large organizations, changes in management ideology, changes in public policy, and understanding productivity change in the knowledge sector.

Ken Laudon has testified as an expert before the United States Congress. He has been a researcher and consultant to the Office of Technology Assessment (United States Congress), Department of Homeland Security, and to the Office of the President, several executive branch agencies, and Congressional Committees. Professor Laudon also acts as an in-house educator for several consulting firms and as a consultant on systems planning and strategy to several Fortune 500 firms.

At NYU's Stern School of Business, Ken Laudon teaches courses on Managing the Digital Firm, Information Technology and Corporate Strategy, Professional Responsibility (Ethics), and Electronic Commerce and Digital Markets. Ken Laudon's hobby is sailing.

Jane Price Laudon is a management consultant in the information systems area and the author of seven books. Her special interests include systems analysis, data management, MIS auditing, software evaluation, and teaching business professionals how to design and use information systems.

Jane received her Ph.D. from Columbia University, her M.A. from Harvard University, and her B.A. from Barnard College. She has taught at Columbia University and the New York University Graduate School of Business. She maintains a lifelong interest in Oriental languages and civilizations.

Users Review

From reader reviews:

James Brown:

Reading a book tends to be new life style with this era globalization. With looking at you can get a lot of information that can give you benefit in your life. With book everyone in this world may share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or their experience. Not only situation that share in the textbooks. But also they write about the knowledge about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors in this world always try to improve their

proficiency in writing, they also doing some analysis before they write with their book. One of them is this Management Information Systems: Managing the Digital Firm (14th Edition).

Judith Mandel:

Playing with family in a park, coming to see the coastal world or hanging out with good friends is thing that usually you might have done when you have spare time, and then why you don't try thing that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Management Information Systems: Managing the Digital Firm (14th Edition), you could enjoy both. It is great combination right, you still wish to miss it? What kind of hang-out type is it? Oh come on its mind hangout fellas. What? Still don't obtain it, oh come on its referred to as reading friends.

Omar Stewart:

This Management Information Systems: Managing the Digital Firm (14th Edition) is great guide for you because the content that is full of information for you who also always deal with world and have to make decision every minute. This specific book reveal it data accurately using great plan word or we can declare no rambling sentences inside it. So if you are read the item hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but challenging core information with splendid delivering sentences. Having Management Information Systems: Managing the Digital Firm (14th Edition) in your hand like finding the world in your arm, information in it is not ridiculous a single. We can say that no publication that offer you world in ten or fifteen small right but this guide already do that. So , this is certainly good reading book. Hi Mr. and Mrs. stressful do you still doubt that will?

Betty Bass:

Reading a book to get new life style in this 12 months; every people loves to examine a book. When you learn a book you can get a great deal of benefit. When you read ebooks, you can improve your knowledge, since book has a lot of information on it. The information that you will get depend on what types of book that you have read. In order to get information about your research, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, such us novel, comics, as well as soon. The Management Information Systems: Managing the Digital Firm (14th Edition) offer you a new experience in examining a book.
