### Rembrandt Caravaggio By Taco Dibbets, Duncan Bull

Rembrandt - Caravaggio highlights the two geniuses of baroque painting: Rembrandt, the pre-eminent artist of the Dutch Golden Age, and his Italian counterpart Michelangelo Merisi (also known as Il Caravaggio). Both artists are considered revolutionary innovators in Northern and Southern European art, respectively. With their origins in different painting traditions, each developed an original and striking visual language. The juxtaposition in pairs of paintings by the two artists intensifies the comparison of their work. Although they never met - Caravaggio (1571-1610) died four years after the birth of Rembrandt van Rijn (1606-1669) - many parallels can be drawn between the two master painters and their oeuvres. This is the first publication to comprehensively compare the works of Rembrandt with those of Caravaggio. Exploring the use of contrasting colours and chiaroscuro, both artists achieved unexpected realistic detail. Unsettling to their contemporaries, the realism of the works of Rembrandt
