Editorial Review

Review

'This book is essential reading for students of social policy, economics, development studies and public administration and will be a useful resource for policymakers and administrators who feel interested to improve social protection schemes.' -- China Journal of Social Work 'Especially useful is the authors' critique of the gaps discovered in their work and the proffered recommendations for further study. This proves invaluable for researchers who are interested in this field of study. The book is ideal for anyone interested in social issues as well as social scientist and is highly recommended for social policy majors.' -- Journal of Human Development and Capabilities
