Editorial Review

Review

From the reviews:

“This book can and should be read with pleasure. ... Each procedure described was performed by the author, and the practical orientation is the rule for this work. ... Overall, this book may be rated with an A+ and should be in each shoulder specialist personal library. Its reduced volume and intense data gathering recommend this work for a pleasant reading and reference.” (Pierre Kehr, European Journal of Orthopaedic Surgery & Traumatology, Vol. 22, 2012)

Users Review

From reader reviews:

Mary Deleon:

Nowadays reading books are more than want or need but also turn into a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The information you get based on what kind of publication you read, if you want drive more knowledge just go with education books but if you want really feel happy read one using theme for entertaining for example comic or novel. The Tendon transfer for irreparable cuff tear (Collection GECO) is kind of book which is giving the reader capricious experience.
