Editorial Review

Review

"The best discussion-generating book I have ever used, full of wonderfully thought-provoking essays."--Adam Briggles, *University of North Texas*

"One of the most compelling collections of original source materials for introductory level ethics I've come across, and I suggest that--although it can stand alone as a course resource--it be paired with selections from *The Fundamentals of Ethics* for maximum impact with students."--Kelly Heuer, *Georgetown University*

"This is a wonderful book. It has a balanced selection of classical and contemporary readings in normative ethics, metaethics, and ethical issues. Each selection is of manageable length to cover in a single class period. Shafer-Landau includes interesting, unusual selections (licensing parents, gay sex) as well as classic pieces (Aristotle, Mill, Kant, and Thomson, for instance)."--Richard Lee, *University of Arkansas*

"This is a very solid anthology for introductory-level ethics classes. It's comparable to Rachels in overall style and analytic approach, but with more personable examples and a sharper division between value theory and normative ethics."--Deke Gould, *Augustana College, Black Hawk College, Illinois Valley Community College, and Syracuse University*

"This is a concise book with breadth. It contains short readings without sacrificing depth. It's cheaper than Rachels' *The Right Thing to Do*. It's pedagogically effective, without the overwhelming pedagogical devices of MacKinnon's *Ethics*. It's edited by a major contributor in contemporary ethics. It's a high-quality book with a low price. It's an encyclopedic pocket book. I will adopt it."--Fidel Arnecillo, *California State University, San Bernardino*

"A solid collection of essays including a great range of topics and thinkers, covering normative ethics, metaethics, and applied ethics, all at a great price."--Charles Comer, *Harrisburg Area Community College*
