Economic Thought Since Keynes: A History and Dictionary of Major Economists By Gilles Dostaler

Economic Thought Since Keynes provides a concise overview of changing economic thought in the latter part of the twentieth century. Part 1 gives an analysis of topics including:

- * Keynes and the General Theory,
- * the triumph of interventionism,
- * the neoclassical synthesis,
- * the resurgence of liberalism.

Part 11 gives a concise biography of the 150 most influential economists since Keynes. This invaluable book will be a useful reference tool for anyone teaching or studying economics.

Editorial Review

Review

"The volume conceived by Michel Beaud and Gilles Dostaler to distill the essentials of economic thought since Keynes into a single and readily manageable volume is now available to English readers.... It is, in a word, exceptional'."

-"Journal of the History of Economic Thought

"The history of very recent economic thought has been sadly neglected. This book seeks to fill this gap. This is a book that has no parallel in the secondary literature. It is a unique contribution to the historiography of the recent past of our subject."

-Mark Blaug, University of Exeter

Language Notes

Text: English (translation)

Original Language: French

About the Author

Michel Beaud, formerly Professor of Economics, University of Paris 7-Jussieu, France and the late Gilles Dostaler, formerly of the Universite du Quebec a Montreal, Canada

Users Review
