Field of Glory Napoleonic By Slitherine

Field of Glory Napoleonic is being designed in an approachable and easy-to-learn manner to allow players to concentrate on realistic deployments and battlefield tactics of the early modern era. Our aim is to capture the atmosphere of battles ranging from the early wars of the French Republic through the rise of Bonaparte and the Grande Armee, to the Empire's last stand at Waterloo.

This period is an ever-popular gaming period, and wargamers enjoy playing both historical battles and 'what-if' scenarios. FOGN will cater for both types of player, with a full point system allowing theoretical battles between balanced armies to be played out, as well as accommodating factual scenarios.

The rulebook will maintain the same production values as previous FOG and FOGR releases and will be designed both to explain the game and be a reference guide when playing. To make the rules easier to follow, we will include examples, detailed descriptions and explanations of unusual situations in a similar way to our Ancients and Renaissance rulebooks.
