**Microbiology (Lippincott Illustrated Reviews Series)** By William A. Strohl PhD, Harriet Rouse PhD, Pamela C. Champe, Richard A. Harvey PhD

Students and faculty alike have attested to the extraordinary success rate of the **Lippincott's Illustrated Reviews**--the unparalleled review texts that clarify the essentials students need to know for the Boards through an easy-to-use outline format and illustration program. Now, this series has been expanded to include a complete and current review of microbiology. Designed and edited by top educators, the book helps the student tie together the *visual* and *cognitive* elements of learning for superior recognition and recall. More than 600 pictures and diagrams, carefully crafted to complement and amplify the text, are completely integrated with the text. Board-type questions, with detailed explanations of the answers, are included with each chapter. A series of illustrated case studies is also included.
