### The No-Nonsense Guide to International Development (No-Nonsense Guides) By Maggie Black

“Overseas aid” and “international development” are catch-all terms that cover a multitude of activities—and abuses. This guide explains what “development” actually is—and explores its political and economic roots. It shows what can happen in the name of development and argues for a more organic, social approach with those it seeks to serve as equal partners in the process.

**Maggie Black** has written books for the Oxford University Press, UNICEF, and Oxfam. She has worked as a consultant for UNICEF, Anti-Slavery International, and WaterAid, among others, and has written for the *Guardian*, *The Economist*, and BBC World Service.

### **Editorial Review**

#### Review

'I sincerely hope this No-Nonsense Guide to International Development reaches and informs a new section of thinking people across the world. Let as many of them as possible become supporters of and participants in the new politics of transformation.' Medha Patkar, Narmada Valley People's Movement, India "In this book, Maggie Black, a leading writer on development issues, convincingly reveals the flaws of the prevailing views on and practices in international development. But she does not stop here, drawing on a vast array of literature, documents and studies as well as a wide and profound personal experience, she forcefully shows new and feasible ways on how to improve the living conditions of millions of people who have to make do with not more than one Euro per day. In this sense, this book is a true and welcoming guide." Amazon Customer Review (5 Stars)

#### About the Author

Maggie Black has written numerous books including titles for OUP, UNICEF and OXFAM. She has worked as a consultant for a number of NGOs (UNICEF, Anti-Slavery International and WaterAid amongst others) and has written for the Guardian, Economist and BBC World Service.
