Nursing Administration By Basavanthappa

This book provides students of nursing profession with solid foundation for taking care of patients in the community. The author made all possible efforts towards this in simple and effective language. He has provided extensive treatment of the subject in a very lucid and cogent manner, so that students can grasp the subject very clearly and completely. It covers all the areas specified by the Nursing Councils, Universities and Boards of Nursing that are imparting Diplomas and Degrees in Nursing. BT Basavanthappa, recently retired from Government service as Professor and Principal of the Government College of Nursing, Bengaluru. He has vast experience in Bedside Nursing, i.e., he worked as a staff nurse for 16 years at District McGann Hospital, Shimoga. He did BSc Nursing (Post-Certificate) from the same college (1978), and obtained Masters degree in Nursing from Rajkumar Amrit Kaur College of Nursing, New Delhi (1988). In 1994, Bangalore University conferred on him Doctoral Degree in Nursing. With this he is the **FIRST PERSON** in the state of KARNATAKA, who earned and awarded PhD in Nursing. Now, he is Consultant and Professor of reputed college of Nursing, Bengaluru, Karnataka. With over 35 years of service as a bedside nurse and as an academician, Dr BT Basavanthappa has taught all the areas of Nursing in UG and PG Courses of Nursing. He is a recognised PhD guide by the Indian Nursing Council and Indian Universities. He has served at Universities in various capacities and his professional development and contributions are well documented at the local, national and global levels. He also held various positions in Associations like GNAK, TNAI, etc. and also Karnataka State Government Employees Association. At present, he is the President of RGHUS Nursing Teachers Association, Karnataka. He takes it as a matter of pride to shoulder any responsibility in the interest of Nursing Profession. He has been a recipient of many prestigious awards for his excellence.

Editorial Review

Users Review

From reader reviews:

Kenneth Roberts:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to find out everything in the world. Each guide has different aim or maybe goal; it means that e-book has different type. Some people feel enjoy to spend their the perfect time to read a book. They may be reading whatever they have because their hobby is usually reading a book. How about the person who don't like reading through a book? Sometime, individual feel need book when they found difficult problem or exercise. Well, probably you will want this Nursing Administration.

Melanie Ratcliff:

Book is to be different for each grade. Book for children until eventually adult are different content. As we know that book is very important usually. The book Nursing Administration has been making you to know about other understanding and of course you can take more information. It is very advantages for you. The book Nursing Administration is not only giving you far more new information but also being your friend when you truly feel bored. You can spend your own personal spend time to read your e-book. Try to make relationship with the book Nursing Administration. You never feel lose out for everything in case you read some books.

Shirley Martins:

Are you kind of busy person, only have 10 or perhaps 15 minute in your time to upgrading your mind talent or thinking skill also analytical thinking? Then you are receiving problem with the book in comparison with can satisfy your small amount of time to read it because this all time you only find book that need more time to be examine. Nursing Administration can be your answer as it can be read by you actually who have those short time problems.

Ruth Vazquez:

This Nursing Administration is brand-new way for you who has curiosity to look for some information given it relief your hunger of information. Getting deeper you onto it getting knowledge more you know or else you who still having small amount of digest in reading this Nursing Administration can be the light food for yourself because the information inside this specific book is easy to get by simply anyone. These books develop itself in the form that is reachable by anyone, yeah I mean in the e-book contact form. People who think that in publication form make them feel sleepy even dizzy this guide is the answer. So there is not any in reading a publication especially this one. You can find actually looking for. It should be here for a person. So , don't miss the item! Just read this e-book style for your better life and knowledge.
