The Pillars of the World (Tir Alainn Trilogy) By Anne Bishop

The first novel in *New York Times* bestselling author Anne Bishop's Tir Alainn Trilogy.

The youngest in a long line of witches, Ari senses that things are changing—changing for the worse. For generations, her kin have tended the Old Places, keeping the land safe and fertile. But with the Summer Moon, the mood of her neighbors has soured. And Ari is no longer safe.

The Fae have long ignored what occurs in the mortal world, passing through on their shadowy roads only long enough to amuse themselves. But the roads are slowly disappearing, leaving the Fae Clans isolated and alone.

Where harmony between the spiritual and the natural has always reigned, a dissonant chord now rings in the ears of both Fae and mortal. And when murmurs of a witch-hunt hum through the town, some begin to wonder if the different omens are notes in the same tune.

And all they have to guide them is a passing reference to something called the Pillars of the World...

In Sylvalan, a witch hunt is in full force. As witches and innocents are brutally murdered, magic disappears from the land, and the roads between the worlds of humans and of faery vanish one by one. Ari's family has tended one of the Old Places for generations, keeping the magic alive and the land lush and fertile. But with the midsummer moon, Ari's life changes dramatically. She unknowingly takes a *Fae* lover, the Lord of the Sun, and immediately becomes suspect to faery nobility, who neither trust nor mingle willingly with humankind, except for the occasional caprice. But Ari's life and the future of the Fae depend upon the nobles' willingness to change their elitist ways. For the inquisitor Adolpho--the Witch's Hammer--has come to Ari's door, and only the Fae and the secret of Ari's bloodline can save her and the magic she protects. Bishop only adds luster to her reputation for fine fantasy. *Paula Luedtke*
