'If you can take only one book to Botswana, make sure it's this one.' BBC Wildlife

From the Back Cover

Northern Botswana's pristine wilderness protects some of the earth's most spectacular wildlife: dense concentrations of big-game animals, an amazing wealth of birdlife, and huge herds, roaming from the salt pans of the Kalahari to the lush Okavango Delta. Devoid of the marks of modern man, the landscape still bears the imprints of our ancestors, from the subtle art of the Tsodilo Hills to the more brutal remnants of the Stone Age.

A few remote camping spots and a handful of the world's best safari lodges attract true lovers of nature to share in this extraordinary region. With a wealth of practical and background information, this is the essential companion.

Inside you will find: in-depth coverage of national parks, game reserves and private concessions; unrivalled comparisons of safari camps and lodges; area-by-area descriptions of flora and fauna; birdwatchers' hints - the top sites to spot "specials"; numerous GPS points essential for bush navigation.
