### Hamlet (Arden Shakespeare: Third Series) By William Shakespeare

The core of the ground-breaking, three text edition, this self-contained, free-standing volume gives readers the Second Quarto text (1604-5) and includes in its Introduction, notes and Appendices all the reader might expect to find in any standard Arden edition. As well as a full, illustrated Introduction to the play's historical, cultural and performance contexts and a thorough survey of critical approaches to the play, an appendix contains the additional passages found only in the 1623 text. "The new Arden Hamlet is a pathbreaking edition, one that promises to change irrevocably our understanding of Shakespeare's greatest play." - Professor James Shapiro, author of 1599: A Year in the Life of William Shakespeare "Hamlet's latest editors have undertaken a heroic task with great skill and thoroughness." - Stanley Wells, The Observer "(The) new Arden Hamlet is quite simply the most comprehensive edition of the play currently available, a status I suspect it will enjoy for many years to come" - The British Theatre Guide "Stunning! There is absolutely no doubt about this being the text to buy if you are studying the play at A Level. And the same stands for those students who will be studying the play at university. This critical edition gives the reader the Second Quarto Text (1604-1605), annotated with intelligence and care, a wealth of historical and cultural references and a survey of different critical approaches to the play." - The Use of English, The English Association
