Statistics for Business and Economics (12th Edition) By James T. McClave, P. George Benson, Terry T Sincich

Statistics for Business and Economics, Twelfth Edition, meets today's business students with a balance of clarity and rigor, and applications incorporated from a diverse range of industries. This classic text covers a wide variety of data collection and analysis techniques with these goals in mind: developing statistical thinking, learning to assess the credibility and value of inferences made from data, and making informed business decisions.

The **Twelfth Edition** has been updated with **real, current data** in many of the exercises, examples, and applications. Exercises draw on actual business situations and recent economic events so that students can test their knowledge throughout the course. **Statistics in Action** case studies open each chapter with a recent, controversial, or high-profile business issue, motivating students to critically evaluate the findings and think through the statistical issues involved. A continued emphasis on **ethics** highlights the importance of ethical behavior in collecting, interpreting, and reporting on data.

Editorial Review

About the Author

Dr. Jim McClave is currently President and CEO of Info Tech, Inc., a statistical consulting and software development firm with an international clientele. He is an Adjunct Professor of Statistics at the University of Florida, where he was a full-time member of the faculty for 20 years.

P. George Benson is the 21st president of the College of Charleston. Prior to his appointment, he was Dean at the University of Georgia's C. Herman and Mary Virginia Terry College of Business. His research interests include quality management, strategic management, belief formation, and judgmental forecasting. He consults nationally in the areas of applied statistics, quality management, and employment discrimination.

Terry Sincich obtained his PhD in statistics from the University of Florida in 1980. He is an Associate Professor in the Information Systems & Decision Sciences Department at the University of South Florida in Tampa. Dr. Sincich is responsible for teaching basic statistics to all undergraduates in the College of Business, as well as advanced statistics to all business doctoral candidates. He has published articles in such journals as the *Journal of the American Statistical Association*, *International Journal of Forecasting*, *Academy of Management Journal*, and *Auditing: A Journal of Practice & Theory*. Dr. Sincich is a co-author of the texts *Statistics, A First Course in Statistics*, *Statistics for Engineering & the Sciences*, and *A Second Course in Statistics: Regression Analysis*.

Users Review
